OWNERS ARE RESPONSIBLE for providing proper VACCINE RECORDS when pets are dropped off for their boarding stay. If records are not provided, and we cannot obtain the needed information, vaccines and tests will be done at the owner's expense. Upon arrival, ALL PETS will be evaluated for fleas and ticks. IF PARASITES AND/OR FLEA DIRT ARE FOUND treatment will be performed at owner's expense. This is for your pet's protection, as well as for the protection of other pets staying in the kennel.
